

Pipe Wrap

D170 (Large)

Point of Sale Program - Page 35

Instruction
Booklet

The Mathey Dearman Pipe Wrap has a double ruled edge so it is never upside down or backwards. The Wrap can be used as a straight edge to make straight lines around the pipe and to mark angles to create pipe elbows. The Pipe Wrap is made of a highly abrasive resistant material to resist the wear and tear of everyday use. The Wrap comes with:

- Table of Tangents and Straight Edge.
- Instructions for Cutting Elbows.
- Sides Marked in 1/8" (3.2mm) Increments to 36" / 914mm.
- Instruction for Finding the Length of an Elbow.
- 45° Angle Chart.
- Degree Markings.
- Available in sizes 4", 5" and 7" widths by Length Desired (maximum 7 inches wide).
